

Corporate Overview

September 2023

Corporate Summary

For more than 50 years, A&D Equipment, Inc., a 2nd generation family-owned company, has specialized in heavy excavation attachments.

We support commercial, municipal, state, federal, and DoD clients.

We've been awarded 3,200 contracts across 32 states and currently support 22 CONUS Gypsum plants and a 175-mile solar project.

Commercial Contracts

Past Performance

INFRASTRUCTURE

The U.S. Air Force is using skeleton buckets to build infrastructure and runways to prepare warfighters in the 801st RHTS.

DEMINEING

The U.S. Army is using 10 Rotastar screening buckets for global DoD humanitarian demining projects.

LAND

The DOI/BLM are using hydraulic compactors to assist in managing public lands in Western Oregon.

ENGINEERING

The USACE is using Tilt Buckets to help protect the environment and reduce disaster risk.

ENERGY & RECYCLING

Screening buckets are being used to install over 175 miles of solar panels in the State of Michigan, and in 22 CONUS gypsum plants to recycle over 6,000 tons of materials every week.
